

HIGH DESERT MUSEUM

Intern Position: Youth Programs Research Assistant

Position Summary: The Youth Programs Research Assistant will develop a research project which will help guide youth programming at the High Desert Museum. They will work closely with the youth programming staff and connect with other similar institutions in order to complete their assigned project.

Responsibilities:

- Create and complete a high quality research project based on the needs of the youth programming department.
- Contact and communicate with similar institutions and other resources in order to gather project-based information.
- Communicate and work closely with High Desert Museum staff.

Minimum Qualifications:

- Interest in natural and cultural history, museum operations and non-formal youth programming.
- A broad base of research and writing skills.
- An ability to think creatively, problem solve, and work independently.
- Well developed communication skills.
